

## INSTITUTIONAL RESEARCH BOARD

Institutional Research Committee plays a crucial role in promoting ethical research conduct, protecting research participants, advancing knowledge, and maintaining institutional integrity and credibility in the research community.

### OBJECTIVES:

- To inculcate a research culture among under graduate and post graduate students.
- To facilitate student community to acquire knowledge of research.
- To enable faculty to translate theoretical knowledge into action.

### ROLES AND RESPONSIBILITIES:

1. To train students in designing a project, planning its execution, Methodologies to be used and methods of reporting.
2. To encourage faculty to publish articles in leading journals.
3. Provide faculty with information regarding major research projects and minor research projects.
4. To create a centralized process of identifying funding agencies and motivating faculty members to apply for research projects to various funding agencies.
5. The committee should look after the submission of applications to various agencies and also monitor the progress.
6. The undergraduate students selected for the research should be provided guidance regarding various aspects involved in research.
7. Provide students with computer assistance for doing online reference work, typing and printing of their reports, articles and research papers.
