

NSS COMMITTEE

NSS aims to foster a sense of social responsibility, leadership, and civic duty among its participants. The program operates on the principle of "Not Me But You," encouraging students to engage in constructive social work and contribute to the welfare of society. NSS activities include organizing health camps, blood donation drives, environmental conservation projects, literacy programs, and disaster relief efforts, thus playing a crucial role in the holistic development of the youth and the communities they serve.

OBJECTIVES

- **Holistic Development and Social Responsibility:** To foster the overall personality development of students through participation in community service activities, thereby instilling a sense of social responsibility and commitment to the welfare of society.

ROLES AND RESPONSIBILITIES

1. **Community Service and Social Responsibility:** NSS volunteers engage in various community service activities, addressing local issues such as health, education, and environmental conservation. They work to improve the quality of life in communities through initiatives like health camps, literacy programs, and environmental projects.
2. **Leadership and Personal Development:** NSS provides opportunities for students to develop leadership skills, organizational abilities, and a sense of civic duty. By planning and executing service activities, volunteers enhance their problem-solving skills, teamwork, and ability to manage projects effectively.
3. **Promotion of National Integration and Volunteerism:** NSS fosters a spirit of national integration and communal harmony by bringing together students from diverse backgrounds. It encourages a culture of volunteerism, motivating students to contribute their time and effort towards societal betterment and sustainable development.
